Only this vm has files initially

Running origin vm

```
klementevegor@klementevegor-VM:~/Desktop$ ./app origin -o
I am the origin
and I have file 'a.txt' with the text:
Networks is the best subject I've ever had!

I am the origin
and I have file 'b.txt' with the text:
Networks is the worst subject I've ever had(((

I am the origin
and I have file 'c.txt' with the text:
Networks is so-so - not bad, not good.

My sync message is: origin:192.168.2.2:2000:a.txt,b.txt,c.txt
```

```
klementevegor@klementevegor-VM:~/Desktop$ ./app host2
My sync message is: host2:192.168.3.2:2000:
